EXPERIENCE

Digital Commerce Lab, Toronto, Canada – E-commerce Specialist (November 2024 – Present)

Digital Commerce Lab (DCL) is a Toronto-based Shopify partner agency founded in 2021, building and optimizing Shopify and Shopify Plus stores for startups and established brands, with a focus on conversions and return on investment.

- Build and customize Shopify and Shopify Plus stores, including theme customization, product and collection setup, navigation and checkout configuration for launches and revamps.
- Integrate third-party applications, APIs and CRM tools to extend store functionality and connect the storefront with marketing and operations systems.
- Full responsibility for store audits covering page load speed, navigation, checkout flow and mobile experience, fixing the issues that stop visitors from becoming customers.
- Apply conversion rate optimization (CRO) with A/B testing and UI/UX testing on product, collection and checkout pages to increase the conversion rate and sales.
- Identify missed revenue opportunities and set up upsells and cross-sells to increase average order value.
- Troubleshoot Google Merchant Center and Google Shopping issues, including product-feed and crawler-access problems; request recrawls and resubmit feeds to restore product visibility, and support technical SEO on product and collection pages.
- Optimize website speed and performance and provide ongoing maintenance and support, ensuring smooth transactions and an enhanced customer experience.
- Usage of best-in-class online tools including AI and automation to ensure user journeys are perfect.
- Work directly with business owners to scope each project, defining the business problem and how success will be measured before building.

Self-Employed, Mississauga, Canada – Digital Marketing Specialist (September 2026 – Present)

Independent digital marketing projects for Canadian businesses, including a B2B export website and a real estate website, with a focus on SEO-focused content, lead capture and workflow automation.

- Created a digital presence for a Canadian castoreum trading company (castoreumcanada.ca), with buyer-oriented product information, English/French content, and quote-request and WhatsApp inquiry paths.
- Relaunched and maintain a real estate website (hammadtherealtor.ca), fixing prior SSL/browser issues and managing search indexing through Google Search Console.
- Built a buyer questionnaire and Google Apps Script workflow that generates a personalized buyer blueprint PDF, emails the result, categorizes lead readiness and records submissions in Sheets.
- Designed a custom booking flow connected to calendar availability, confirmation emails, meeting links and Google Sheets tracking for submissions and bookings.
- Run a daily educational content engine on Facebook and Instagram, with carousels, infographics and text posts written for search keywords, reach, saves and shares; create the graphics and content in Canva and CapCut and track performance with native analytics.
- Use automation and AI-assisted tools (Make, Google Apps Script) to reduce manual handoffs and create a more organized lead experience.

Homelife TRADEMAX Realty, Mississauga, Canada – Real Estate Agent (January 2022 – Present)

Real estate sales across Mississauga and the Greater Toronto Area. Previously with Royal LePage Signature Realty, Toronto (January 2022 – July 2024); moved to Homelife TRADEMAX Realty in July 2024.

- Support buyers and sellers through needs discovery, property research, client communication and follow-up, from first inquiry to closing.
- Guide first-time buyers through affordability, pre-approval, offers and closing with clear, educational content.
- Market listings and a personal real estate brand through a business website, social media content and lead-capture funnels.
- Coordinate showings, offers and next steps with clients, lenders, lawyers and other parties under firm deadlines.
- Built the client base through referrals, clear communication and consistent follow-up, and maintained long-term client relationships.
- Earned the Royal LePage Executive Circle Award in 2023.

Lazeez Shawarma, Mississauga, Canada – Restaurant Manager (September 2018 – June 2026)

High-volume quick-service restaurant in Mississauga, part of the Lazeez Shawarma franchise system.

- Managed all operations of a high-volume restaurant, including a team of up to 15, covering hiring, training, scheduling and performance.
- Full responsibility for the restaurant P & L, budgeting, inventory and supplier relationships, plus local marketing and promotions to drive foot traffic and sales.
- Built repeat business through customer service, problem-solving and a consistent in-store experience.
- Enforced food safety, quality and brand standards across the operation.
